John Sisk & Son (Holdings) Ltd. Building Excellence

18<sup>th</sup> March 2024

Dear Sir / Madam

As part of the Shannon River Bridge construction works, we wish to inform you that we will be taking delivery of large steel girders at night-time on Monday & Tuesday nights 1<sup>st</sup> & 2<sup>nd</sup> April and again on Monday & Tuesday nights 8<sup>th</sup> & 9<sup>th</sup> April. The deliveries are expected to arrive between midnight and 2am but subject to traffic conditions on the night. The deliveries will be escorted by the haulage company and approach the Ballina / east side of the bridge via the R496.

We will be building a crane onsite from Monday 25<sup>th</sup> to Friday 29<sup>th</sup> March. Roolagh junction R496 and local access on R494 will remain open during this time. However, night time works will be required for one night either Wednesday or Thursday night to complete the crane build. Local access traffic on the R494 will be diverted around the crane boom @ Roolagh junction via the existing island and traffic management will be in place.

We apologise for any inconvenience caused.

Regards

Brian Lynch Site Agent John Sisk & Sons Ltd
