“We know that the way disability is conceptualised has been challenged and is shifting from a medical and charitable model to a social model.

The social model views the way society is organised as being disabling rather than the individuals impairment itself.

With this knowledge we call on Clare County Council to carry out a survey of Ennis, then other towns and villages, using existing Apps and mapping software include buildings, invite businesses to participate to assess accessibility for all.

This will include parking, gradients, access and amenities.

The purpose of this would be to create an APP or information through the website to promote and ensure the full and equal enjoyment of our County by all persons with a disability.

Our towns and villages will become more accessible and welcoming places and our County could be marketed as "The most accessible, friendly Town/County in Ireland."

21. Curtha faoi bhráid na Comhairle ag Cllr. P.J. Ryan:-
